A new comment has been submitted at [socotransmission.com](http://www.usda.gov/rus/water/ees/ea.htm).

COMMENT

Meeting Attended:

I was not able to attend a meeting

Important Issues:

Health and Safety, Visual / Aesthetic Resources, Proximity to Residences

Property Uses:

Comment:

This is proposed to go through lot 10. My friend and I spent considerable time, energy and money building a house there. Power lines through there would effectively wipe that out, not to mention make the property mostly useless. The value would drop to almost nothing. Please don't go through lot 10.

I-215-001: Socioeconomic Resources (In Review)

Your email/letter/comment form has been received and your comment noted. Potential impacts to social and economic resources from the proposed project and mitigation measures will be addressed in the Environmental Impact Statement.

The Environmental Impact Statement is anticipated to be completed in late 2010 and will be available at <http://www.usda.gov/rus/water/ees/ea.htm>.
